

## How to get more life from your car

As an employee, you are eligible for the **Farmers GroupSelect** insurance program as a voluntary benefit, which offers **discounted auto insurance**. We're pleased that Farmers GroupSelect has shared these simple, everyday ways you can [get the most out of your car's lifespan](#).

### Easy ways to increase your car's longevity

- **Check your vehicle's tire pressure once a month** using a digital pressure gauge. Your car's tire pressure monitor may not flash a warning until a tire is 10% underinflated, which may be too late to prevent wheel damage.
- **For oil changes, request full synthetic motor oil**, even if you have an older car. Synthetic oil helps prevent wear and buildup on engine parts.
- **Park in a garage when possible or use a car cover**, because paint and trim can degrade from sunlight and other contaminants in the air.

You can get more tips on how you can help your car last longer from **Farmers GroupSelect**, including a list of questions everyone should ask a new mechanic. For additional details about the **discounted auto insurance** available through this program and to access **free quotes**, call **Farmers GroupSelect directly at 877-364-1093**. Others have saved **\$509\*** on average on auto insurance after they've switched. Use discount code **C8Q**.
