

Implementation Overview

PrismHR partners with ClearCompany's Award-Winning Talent Management System to power your talent strategies.

ClearCompany implementation is fast and easy, backed by a series of services to support you:

- ✓ An Implementation Guide with all the necessary information to complete the implementation.
- ✓ Configuration assistance from the ClearCompany Setup Team.
- ✓ Working with your PEO contact, ClearCompany will import structural company data to ensure data consistency with locations, offices, and employee information.
- ✓ Registration access to join training webinars hosted by the Implementation Project Trainers.
- ✓ Unlimited, on-demand access to the Resource Center with help articles, training courses, in-app tutorials, and more!
- ✓ ClearCompany will complete and test the PrismHR integration to enable a seamless flow of new hire data for payroll processing.

This proven implementation approach is designed to get teams up and running quickly with minimal effort, so you can focus on hiring top talent.
