

Strengthen Security.
Simplify Access.
Save Time.

Introducing PrismONE ID—A Smarter Way to Access Your HR Systems

Managing your team's access to HR tools shouldn't be complicated. That's why we are now utilizing PrismONE ID, a centralized Identity Management solution that makes accessing your HR, payroll and benefits systems easier and more secure.

With PrismONE ID, your employees will log in just once to securely access all their applications—no more juggling multiple passwords.

What PrismONE ID Means for Your Business:

Strengthen Security Across Your Business

Use industry-standard protection, including Multi-Factor Authentication (MFA), to keep employee and company data safe.

System Integration and Configuration

Simplify onboarding and offboarding with centralized control over employee access.

Access Everything with One Login

Let your team use a single set of credentials to sign in to all HR, payroll and benefits tools.

Scale Confidently as You Grow

Support your business at every stage with a solution designed to grow with you.

Your HR experience just got easier.

Make managing employee access easier with one secure, flexible login. PrismONE ID helps your team work smarter—with strong protection and better efficiency—all in one place.
